# Regional Conferences

(Workshops or Seminars)

**What?**

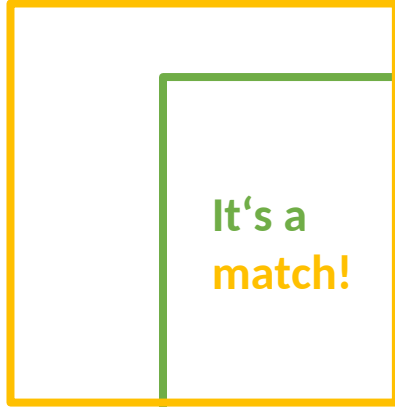

Transfer of strategies and experiences locally

**Why?**

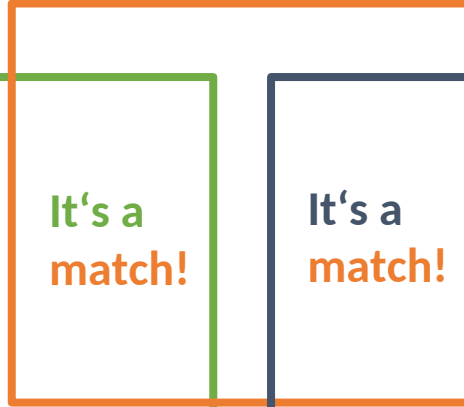

Exchange with local stakeholders, especially users & practitioners

ement!

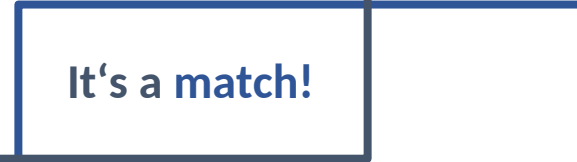

Build4People

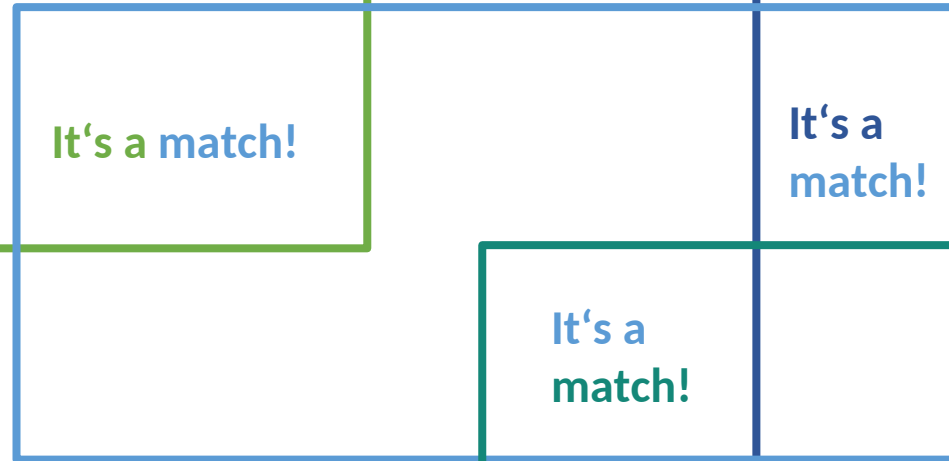

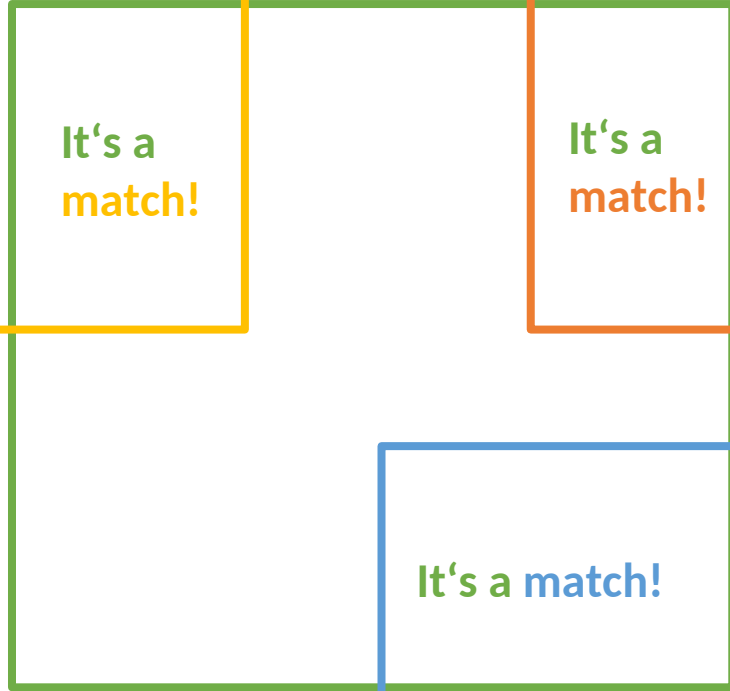

PolyUrbanWaters

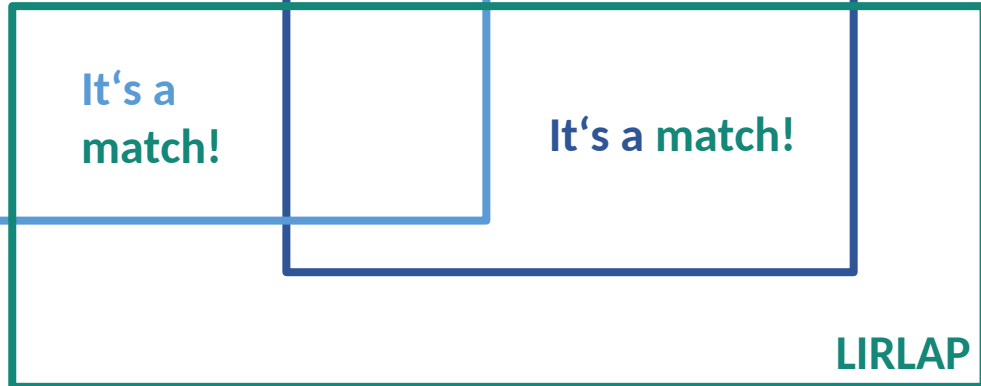

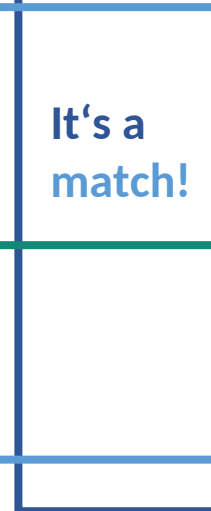

MYrisk

GreenCityLabHuế

FloodAdaptVN

It's a match!

LIRLAP

Build4People

PolyUrbanWaters

- exchange on policies in secondary cities of Cambodia
- water-sensitive management
- Discussion on the Cambodian planning system and the stakeholder involvement in different contexts

ement!

GreenCityLabHuế

- Danang city undergoes rapid urban planning and it is adjacent to Hue city, we can link them together
- Discuss strategies specifically for Vietnam that facilitate practical implementation

FloodAdaptVN

LIRLAP

- SSP narratives

Build4People

GreenCityLabHuế

- exchange about living lab approach and lessons learnt
- exchange on methods of working with local people with different backgrounds and interests

FloodAdaptVN

GreenCityLabHuế

- risk & adaptation (NbS) work
- Floodadapt can be a good partner to apply nature-based solutions to prevent flood along with giving many other ecological and social benefits to improve the resilience of Hue city

MYrisk

LIRLAP

- cooperation and communication concept of institutional risk prevention
- tool for localizing SDG6, crosscutting topics in respect to concepts, tools, measures

MYrisk

PolyUrbanWaters

- management of water resources: exchange of good practices

MYrisk

FloodAdaptVN

- Flood prevention, risk communication
- preparedness & behavior on hh level; risk concepts / tools etc (multi-risk approach)
- crosscutting topics in respect to concepts, tools, measures
